# Who We Are!

## About Us

Spyriot Security Pvt. Ltd. is a leading Cyber Intelligence, Cyber Crime Investigation, Digital Forensics, and Cyber Security Consultancy organization that has been actively serving clients and learners since 2020. With a strong commitment to digital safety, cyber awareness, and cyber crime investigation, we provide professional services including cyber crime consultation, digital evidence analysis, cyber intelligence, cybersecurity consulting, and specialized training programs.

In 2025, Spyriot Security was officially incorporated under the Ministry of Corporate Affairs (MCA), Government of India, further strengthening our commitment to delivering trusted, professional, and legally compliant cybersecurity and cyber investigation services. Through innovation, expertise, and practical knowledge, Spyriot Security is committed to empowering people with the knowledge and support needed to navigate the digital world safely, ethically, and confidently.

# Our Motive !

## Why We Conduct Free Cyber Crime Awareness Training Program !!

- Our mission is to create a safer digital world by educating students and the general public about cyber crime and online safety.
- Cyber criminals continuously target individuals through scams, phishing attacks, identity theft, social media fraud, and financial cyber crimes. Unfortunately, many people become victims due to a lack of awareness and cyber security knowledge.
- We believe that prevention through awareness is the first line of defense against cyber crime, and every individual deserves access to cyber safety education regardless of their background or financial status.
- Our goal is not only to fight cyber crime but to prevent it by empowering people with knowledge, awareness, and digital safety skills

# Success Story

## From a Vision to a Trusted Cyber Security Brand

Spyriot Security started with a simple mission: to help people fight cyber crime and stay secure in the digital world. Over the years, we have trained thousands of students, professionals, and aspiring investigators through practical cybersecurity and cyber crime investigation programs.

The trust and support of our learners, clients, and partners helped us achieve a major milestone in 2025 when Spyriot Security was officially incorporated under the Ministry of Corporate Affairs (MCA), Government of India.

Today, we continue to empower individuals and organizations through cyber intelligence, digital forensics, cyber awareness, and cybersecurity solutions across multiple countries.
